Wei Zhang

Machine Learning Engineer
wei.zhang@candidates-demo.com · Singapore

Summary

ML engineer with 5 years taking models from research to production.

Experience

Machine Learning Engineer — Lionfish AI (2021 – present)

- Train and deploy computer-vision models in PyTorch; serve them behind FastAPI on AWS.
- Built the MLOps pipeline (MLflow, Docker, GitHub Actions) for model versioning and rollout.
- Query and prepare training data with SQL and Python.

Data Scientist — Straits Analytics (2019 – 2021)

- Machine learning models for demand forecasting in Python (scikit-learn).

Skills

Python, PyTorch, Machine Learning, SQL, MLOps, MLflow, Docker, AWS, scikit-learn

Education

MSc Artificial Intelligence, National University of Singapore, 2019
