Northwind Expense Reimbursement Procedure

What can be claimed

Business travel, client meals, approved equipment and training are reimbursable. Personal items and alcohol are not.

Meals while travelling are reimbursed up to 35 euros per day.

How to claim

Submit your expense report within 30 days of the expense, with the original receipt, through the Finance portal.

Your manager approves the report; Finance then pays it in the next monthly payroll run.

Approval limits

Single expenses above 500 euros need your manager's approval before you spend. Above 2,500 euros they need Finance approval too.
